Yes, this year by popular demand, we are returning to Central Europe for our acclaimed Summer Advanced HR Management Certificate program which includes the two advanced professional certificates in Staffing & Development and Compensation Management.

The program each week will be conducted by the actual authors, all renowned thought leaders in the HR profession and with considerable experience in the MENA region. The course outlines are shown on this site.

The nature of the program results in very limited places being available, a maximum of 15 participants, so be early to secure your place. In recognition of the economic conditions we have also reduced the fee for this year's program with the full program being reduced by Euro 2,000.00. Applications may be made on-line at www.ihrme.org. If applying for the full program register at AMC109, for either of the individual programs please register at either SDP109 or CGCP 109 or send your personal details directly to erika@ihrme.org

The program will run Sunday to Thursday both weeks and is structured to allow participants to enjoy the rustic countryside. A local realtor has produced a short video on the region which is most informative. It is available at www.exclusive-immo.hu.

The location in central Europe is ideal, a favored holiday venue for Western Europeans. It is equidistant from 4 Major capital cities, Budapest, Hungary; Bratislava, Slovakia; Vienna, Austria and Zagreb, Croatia. It's the center of a renowned health spa district with the World's largest curative thermal lake, in use since Roman times. A recent article in the Economist Magazine rated Hungary the cheapest in 2009 for family holiday value with even 5 star accommodations being very reasonable. Both transport and accommodation, on a single or family basis can be arranged where required.

Rank	Country
Cheapest	
1	Hungary
2	Czech Republic
3	Thailand
4	South Africa
5	Malaysia
6	Turkey

We certainly look forward to your joining us this year and a number of social activities are planned on a voluntary attendance basis.

Come and relax in a wonderful environment, avoiding the summer heat of the MENA, whilst sharing enduring professional experiences with fellow professionals.
